STAGING FOR LIFE..

FLOOD BENCHING AND TRAYS

2022, NEW YEAR NEW RANGE

About Us

Nostrand Ltd is a family business spanning 3 generations delivering value-for-money and helpful services to businesses in Ireland and UK. Operating from our premises in Warrenpoint, Northern Ireland, we are well placed to supply at home and abroad.

We pride ourselves with longer-lasting retail display solutions for plants and flowers for both inside and outside areas. We specialize in Flood benching (Ebb n' Flow Types) and creative display staging for Trees, Shrubs, Alpines and just about everything. Our product differs from other staging suppliers by offering galvanized, steel-framed benches with either timber or powder-coated steel top frames to create our unique products designed for life.

We offer a prompt and reliable friendly service on all orders. We welcome all product enquiries and will endeavour to point you in the direction of an alternative supplier if it is not something we can effectively supply. Deliveries are usually made using our own carrier to minimise maximize efficiency and to provide that 'added personal touch'

We look forward to working with you on your project.

Kind Regards

Harry Kilbey
Company Director

Our Stand Display @ GLEE 2021

Advantages of Nostrand Benching systems with Flood trays

Nostrand has developed a range of plant display benching incorporating flood trays to offer all the following benefits

- Heavy duty construction
- Attractive displays
- Longer-lasting return on investment
- Huge water savings
- Cut down on time spent watering plants
- Adjustable feet as standard enable benches to installed level
- Pressure treated timber used for greater rot-free use
- Metalwork largely galvanised for extra durability
- Attractive designs for better appearances
- Can be used outdoors or under cover
- Castors (wheels) can be added if required
- Exposed metalwork can be powder-coated to any RAL colour

Ross McIlwaine

Brilliant service from Harry from initial enquiry to delivery. Our new pop up garden shop would never been a success without all of his help and attention to detail. Can't recommend Harry and the rest of the Nostrand team highly enough! Thank you

TRAYS AND ACCESSORIES

Nostrand stocks a wide range of trays in standard square, rectangle and various hexagonal and other cropped corner shapes. These trays are customisable in the rectangular shapes only by cutting and glueing on-site.

Trays are semi-fragile in transport resulting in logistic issues and we therefore try to arrange our own transport on our own van service which can mean longer delivery timelines. However, we do our best to keep these a delivery schedules as short as possible.

The trays are generally supplied with sumps and filters are available for most sizes.

Taps, valves and other accessories are all in-stock for postal dispatch.

Main Distributors of:

Trays come in many shapes and sizes

Euro Tray 1200 x 800mm

Tray sizes in mm (From Stock)

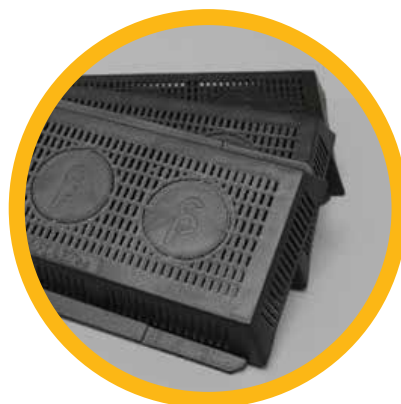

330x1100, 330x2040, 435x2015, 630x1100, 630x2040, 800x2040, 1000x1100, 1000x2040, 1200x1200, 1200x2040, 1200x2500 & 1600x1600
